Your Honor:

I understand that you are blocking the Drag Queen bill, 5B003, which would prevent drag queen shows with minor children present.

The purpose of this bill is to protect those that cannot protect themselves.

Drag shows are immoral, if not gross. They are like live pornography and we need to protect children from viewing this abnormal activity.

Young children can be traumatized by seeing the actions in these events and may be encouraged to seek sex changes at an early age, well before they can make intelligent, informed decisions affecting their life forever after.

This bill does not prevent adults from attending these shows nor is this preventing First Amendment rights as those queens can speak out and perform in adult only venues, just not in public where children are exposed to this kind of sexual abnormality.

I strongly support 58003 and request that you remove your block and allow the bill/law to go into effect, as planned.

Sincerely,

Lennette Horton
